

13th Annual CPD Conference

CSU, **Wagga Wagga**

Saturday 5th to Sunday 6th November, 2016

Integrative Imaging Symposium

THEME

Image Guided Therapy and Theranostics

Both image guided therapy and theranostics have emerged as key principles in nuclear medicine, not just in oncology but more broadly across specialisations. Moreover, image guided therapy and theranostics exploits synergies between imaging and therapy disciplines; integration improving patient care and outcomes.
