

14th Annual CPD Conference

Rydges, **Port Macquarie**

Saturday 4th to Sunday 5th November, 2017

Integrative Imaging Symposium

THEME

Art and Science

Has the 'art' of our jobs been replaced by the 'science'? Maybe the 'art and science' domains have simply shifted. Let's learn about the advances in science (technology, protocol, procedures) and celebrate the evolution of art (professionalism, patient education/communication, advanced practice).

RAINS Rural Alliance in Nuclear Scintigraphy

Charles Sturt University Faculty of Science

Macquarie University Faculty of Medicine and Health Sciences

Don't miss your chance at 14 hours of CPD credit

**Nuclear Medicine @
Wagga Wagga &
Port Macquarie**

Making Technical Excellence the Standard

PROGRAM

SPECT/CT, PET/CT, MRI, CT, US, therapy

Communication, patient centred care, advanced practice

Details of program, speakers and sponsors to follow

Arthur C Clarke once said "any sufficiently advanced technology is indistinguishable from magic". The craft of Medical Radiation Science is to make the magic tangible.

Craft = art + science

ART

CRAFT

SCIENCE

Friday (3rd November) Program

Social	1930 - 1200	River Cruise (pick up time A at 530pm and pick up time B 7pm)
---------------	--------------------	---

Saturday (4th November) Program

		Main Room	CT Course
	0830-0900	Registration Tea, coffee and juice	-
Session 1	0900-0915	Welcome	-
	0915 - 1015	Cardiac imaging; MIBI vs ECHO Prof Hosen Kiat	Review of radiographic principles – Johnathan Hewis
	1015 - 1030	Health effects of NMT occupational exposure Samantha O'Brien	
	1030 - 1050	Morning tea	-
Session 2	1050 - 1145	Principles of cardiac imaging A/Prof Barry Elison	Review of CT instrumentation – Mark Greco
	1200 - 1215	Indemnity insurance - MIPS	
	1215 - 1300	Working lunch	-
Session 3	1300 - 1415	Why we don't need a cyclotron at RNSH Prof Dale Bailey and Update from the President of ANZSNM	Radiation dosimetry in CT – Mark Greco and Dose reduction strategies in CT – Mark Greco
	1415-1430	Carestream insight	
	1430 - 1450	Afternoon tea	-
Session 4	1450 - 1540	68Ga generator, octreotate, PSMA; pearls and pitfalls in a rural practice Elizabeth Brettschneider	Head and neck protocols – Alex Magann
	1540 - 1610	Waste management and reduction innovations at ANSTO Hef Griffiths	
	1610 - 1630	National Radioactive Waste repository Update Rebecca Mouthaan	
1630-1730		RAINS AGM	
Pre-dinner drinks	1800-1830	Pre-dinner drinks for those attending dinner	
Dinner	1830-late	3 course meal, drinks & entertainment	

Program subject to change.

Sunday (5th November) Program

		Main Room	CT Course
	0830-0915	Registration Tea, coffee and juice	-
Session 1	0915 - 1000	Cardiology – read with the experts Prof Hosen Kiat & A/Prof Barry Elison	Chest and abdomen protocols – Alex Magann
	1000 - 1030	Hybrid imaging Dr Peter Kench	
	1030 - 1050	Morning tea	-
Session 2	1050 - 1135	Image guided radiation therapy of the prostate Amie Ross	CT contrast – Johnathan Hewis and CT reconstruction – Craig Roberts
	1135 - 1215	Teaching the art of nuclear medicine Dr Daphne James	
	1215 - 1300	Working lunch	-
Session 3	1300 - 1330	Anxiety and MRI Johnathan Hewis	Spine and angiography protocols – Alex Magann
	1330-1400	Pharmacology – advanced practice? A/Prof Geoff Currie	
	1400-1430	Advanced practice; is it time? Peter Tually	
	1430 - 1450	Afternoon tea	-
Session 4	1450 - 1530	Now for something completely different A/Prof Geoff Currie & Dr Mark Greco	Part 2 exam
	1530 - 1630		
Safe journey home
