## THEME

### Enhanced Capabilities

This year we have responded to delegate feedback and are including a focus on “bread and butter” studies and tutorials/workshops that will enhance capabilities in the same.

Don't miss your chance to learn and develop capability in 2021. Hybrid Conference provides flexibility and agility to deliver CPD that meets your professional and personal needs.

## FREE Registration for RAINS Members!

**SIEMENS**  
Healthineers

**cyclomedica**

We have responded to the ongoing COVID issues and recognized how challenging the last 2 years have been. With the amazing support of all of our sponsors, we have been able to make this years conference FREE for all RAINS members. Hopefully that is a much needed lift in a difficult year – RAINS' way of giving back to our community. You **MUST** still register your details and join RAINS if not already a member using the form below.

The changes that allow the registration to be free for RAINS members is that the meeting will be live streamed via Zoom but there will be no recordings to watch later. We encourage local hubs to come together and live stream the sessions and we can promote those to all RAINS members via FaceBook. We will use the Macquarie Uni site as the Sydney hub for those that can get there (COVID permitting) and we will have hubs at both Port Macquarie and Wagga Wagga campuses of CSU.

This also allows flexibility, quality, certainty and the chance to come together with colleagues.

**Flexible, accessible, agile, inclusive!**

**We thank our sponsors for making this possible.**
